## PAST INTERN TESTIMONIALS

### DAVID

I was an intern at Generations Church during the Summer of 2018. It was a very hard year for me as I was experiencing a heavy loss of a loved one, and to be honest I was very close to scrapping the idea of coming to Florida from Canada. However, I believe the Lord set a certain peace in my heart, that I would not only be doing an internship program, but would be stepping into a new family, and a new home.

My experience as an Intern was amazing to say the least, everything from the new friends I made to the opportunities I had to serve in and out of the church. Also, during my time, I received wisdom and guidance from not only the leaders in the church, but the entire congregation. I truly felt like I was at home, and I was. I'll always and forever love my GC family; my time there changed my life.

### KYRIAKOS

I had the pleasure of doing an internship with Generations Church in the summer of 2022. It was my first time in the U.S. (I am from Greece) and I didn't know what to expect. I was delighted to find a church that made me feel at home right away. People's generosity, hospitality, cheerfulness, and joy made this summer one of the most memorable in my life. I had the opportunity to learn what it looks like to pastor a church on a day-to-day basis by spending time and helping the senior, worship, youth, and kids pastor.

Their heart for their church and the kids/youth they pastor was an inspiration to me. The time I spent and the lessons I learned from Pastor Brian both formally and informally will stick with me for a lifetime. Everyone from the staff was so welcoming and fun to hang out with and the whole culture of the church made me feel like I was part of a big family. It was such a blessing and an honor being able to serve in Generations Church, Tallahassee, and I would highly recommend doing the summer internship.

## **MCKENZIE**

Generations Church is by far one of the most authentic churches I have been a part of. Their passion for people, staff, and love for God is something I've truly been shocked by during my summer as an intern. They treated me like family from the first day I walked in. The true epitome of God's church. I've gained family in Florida! Love you guys!
